PROFESSIONAL SUMMARY

AI & Data Science undergraduate at Shiv Nadar University Chennai (CGPA 8.7) with hands-on experience building production-grade AI applications, multi-agent systems, and full-stack platforms. Proficient in Python, JavaScript, and Node.js; experienced with CrewAI, React, and SQLite. JEE Advanced qualifier. Seeking an SDE / AI Engineer role to build intelligent, scalable software.

EDUCATION

B.Tech — Artificial Intelligence & Data Science

2025 – 2029

Shiv Nadar University Chennai · CGPA: 8.7 / 10

TECHNICAL SKILLS

Languages: Python, JavaScript, C, C++

AI / ML: Machine Learning, Multi-agent systems (CrewAI), Sentiment analysis, LLM integration, AI automation

Full-Stack: React, Node.js, HTML, CSS, SQLite

Core CS: Object-Oriented Programming, Data Structures, Data Analysis

Tools & Platforms: Git / GitHub, Streamlit, AWS (Solutions Architecture), HackerRank, LeetCode

PROJECTS

AI Stock Analyst Agent | Python · CrewAI · Streamlit

- Engineered a multi-agent AI system with specialised Research, Analysis, and Decision agents that collaboratively perform full-cycle stock analysis.
- Implemented agent workflows for stock research, sentiment analysis, and investment recommendations; deployed as a live public Streamlit web app.

ByteLink — Collaborative AI-Assisted Team Workspace | React · Node.js · SQLite

- Built a full-stack team collaboration platform featuring real-time chat, a shared code editor, and integrated task management.
- Designed a behavioural analytics engine to estimate human vs. AI-generated code contributions; integrated AI-powered task summarisation and sprint planning.

TriTax — AI-Powered Pre-Tax Filing Assistant | HTML · CSS · JavaScript · Node.js

- Developed an AI-driven app that detects missing tax documents (Form 16, HRA) and provides personalised, step-by-step filing guidance to first-time filers.
- Automated document-gap detection logic, significantly reducing manual effort in the pre-tax filing process.

CERTIFICATIONS & ACHIEVEMENTS

- Microsoft AI Learning Challenge — Microsoft · AWS Solutions Architecture Job Simulation — Amazon Web Services
- HackerRank Python 5-Star Badge · Python & C/C++ Programming Certifications — HackerRank / CodeGalatta
- Scored above 95 percentile in JEE Mains and qualified for JEE Advanced
- Head Girl — Sri Chaitanya Techno School
- Solved 90+ questions in LeetCode and GeeksforGeeks LeetCode : https://leetcode.com/u/Nethra_Vijayabaskar

HACKATHONS & COMPETITIONS

- Smart India Hackathon (SIH) 2025 — National-level government problem-statement hackathon
- IIT Kharagpur × SNU Chennai Hackathon — Inter-institutional AI/tech challenge
- 24-Hour Vortex Hackathon — Rapid prototyping under time-constrained conditions

EXTRACURRICULAR ACTIVITIES

- Member, Throwball Team — Shiv Nadar University Chennai (SNUC); actively represents the university in inter-college throwball competitions.
- Classical Dancer — Bharatanatyam practitioner with years of training in the traditional South Indian dance form.
